Aside from our developmental program that covers all ages, we offer a high performance program for ages ten to eighteen where students set their goals towards college tennis and beyond.

With SLJT we prioritize camaraderie, character growth, respect, discipline, and of course fun ahead of winning and losing. We utilize a curriculum that allows students to progress with success at every step of the way. We strive to teach much more than tennis and are proud to offer you a program where our students feel more like a family than opponents. Simultaneously we strive to teach rock solid fundamentals, tactics, mental fortitude, physical fitness, and overall general health.
