Group Swim Lessons

At Columbia we work to distinguish ourselves by providing a quality learning environment with an emphasis on instruction, small classes and warm water. The knowledge our staff has acquired from over 100 years of combined practical swimming and teaching experience has resulted in the development and implementation of a quality swim lesson program that is always working to learn and grow. We believe the fundamental components to success in swimming stem from focusing on safety, fun, positivity, and providing young swimmers with a technical skill set that they can depend on for the rest of their swimming life. We combine these core beliefs with a customer service driven approach to registration and coordination. We do all of this because we genuinely care about your child's experience in the water.

Water Aerobics

Water Aerobics:

Straight-forward exercises done in an easy-to-follow pattern make this class a great way to get fit! Intervals of cardio and strength training movements are combined to maximize your workout time. Stretching completes the class. Heart rate monitors are encouraged.

Aqua Motion:

This class consists of range of motion, muscle strengthening, and endurance building activities as well as flexibility exercises. It incorporates walking or rebounding in various directions and strides utilizing specific upper body movements. This class will improve agility and range of movement, improve lateral movement, increase core strength, increase balance and body awareness. It is great for those with arthritis, fibromyalgia, joint replacements, post surgery rehab, pre and post natal or for cross training.

Water Cross:

This class incorporates a cardiovascular workout with movements of running, jumping and bouncing. During class techniques of circuit training and speed intervals and integrates exercises to improve muscular strength, endurance, range of motion, balance, and mobility. Pilates based exercises are included to develop "core strength and length." The class ends with yoga-style stretching to enhance posture and body awareness. Discover the differences between movement in water and on land. Water classes are great for Active Aging participants.

There is always at least one lap lane available, except for Monday–Thursday 4–7pm All members are expected to share whatever lane space is available.

While we allow open swim during swim lessons, please keep in mind that our lesson demand varies monthly. If you have questions regarding the best time to swim during a lesson block, feel free to ask a lifeguard.
